1915

...AND MARCHIN' ON

Welcome! It's an honor to have you here with us in this 1915 church building, on a plot of land where a congregation first began meeting in 1896. A lot of groups — *congregations and business owners alike* — have called this place home over the years. We're delighted to be a part of its history, and now we all have the privilege to carry on the story.

Thank you for joining us tonight! We hope you enjoy every morsel of your experience here at Leluia Hall.

- Jeff & Jamie

Your ongoing support helps us employ, and lift up, nearly 300 people in our city. Thank you for your patronage!

STORIES

Upon acquiring the building, we dreamed to bring this place back to a vibrant, full color life — and to do it quickly. But what we unearthed was a building in poor stead, the walls slowly caving inward from the original slate roof and the natural effects of time. Over three years, we renovated and held onto faith that someday we would have a buzzy, full dining room. It's awing to be here now, realizing how far we've come. Thank you for your part in bringing this dream to life!

Along our journey, we discovered some treasures of information:

- The four skyscraper lighting fixtures in the bar area were original to the space.
- The windows used to be lime-green stained glass.
- Under your feet, we found the slanted floor of a church that led downward toward the pulpit. We also found a layer with a bold black & white checkered floor.
- The mezzanine was not original to the church. It was added when the building became a retail space (*Redd Sled Christmas Shop & Greenway Gardens*).
- The restored stained glass pieces hanging in our lounge area were once at the front entrance, but are not original to the building.
- At the top of the stairs on the mezzanine, there is a railing painted black. This is one of the few original pieces we have left from the first congregation.

BEFORE & AFTER THE RENOVATION

See photos of what this building looked like before we started our renovation in 2022.

REMOVING THE ORIGINAL PRAYER RAIL

Watch as we removed the prayer rail from the upstairs mezzanine. It used to sit at the front of this church near the pulpit, and has now been donated to Dilworth Methodist Church.

MAKING A TIME CAPSULE

In 1990, Dilworth Methodist Church (the original church congregation) requested to retrieve the cornerstone off the building's front right exterior corner. Inside was a copper box — a time capsule of sorts. In keeping with this tradition, we inserted a time capsule in our wall too!
